

Version 3.0		Revision Date 04/15/2021	Print Date 08/23/2023	
SECTION 1. PRODUCT AND C	OMP	ANY IDENTIFICATION		
Trade name	:	Micro-Lok®, Micro-Lok® HP, Micro-Lok® HP Plain, Micro- Lok® HP Ultra		
Manufacturer or supplier's	details	3		
Company Address Telephone	:	Johns Manville P.O. Box 5108 Denver, CO USA 80127 +1-303-978-2000		
Emergency telephone number	:	24-Hour Number: +1-800-424-930	JU (CHEMTREC)	
Company Address	:	Johns Manville Canada Inc. 5301 42 Avenue Innisfail, AB Canada T4G 1A2		
Telephone Emergency telephone number		+1-303-978-2000 24-Hour Number: +1-800-424-930	00 (CHEMTREC)	
Recommended use of the	chemi	cal and restrictions on use		
Recommended use	:	thermal and/or acoustic insulation		
Restrictions on use	:	For professional users only.		
Prepared by	:	productsafety@jm.com		

#### **SECTION 2. HAZARDS IDENTIFICATION**

# GHS classification in accordance with 29 CFR 1910.1200 (OSHA HCS 2012) and the Hazardous Products Regulations (WHMIS 2015)

Not a hazardous substance or mixture.

#### GHS label elements

Not a hazardous substance or mixture.

#### Other hazards

None known.

#### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

#### **Chemical nature**

Glass fiber product

#### Hazardous components

Non-hazardous according to 29 CFR 1910.1200 (OSHA HCS 2012) and the Hazardous Products Regulations (WHMIS 2015), when used as intended.

#### **Relevant ingredients**

Chemical name	CAS-No.	Concentration (%)
non-biopersistent (biosoluble) glass fibers	Not Assigned	>= 70 - <= 90 %
cured urea-extended phenol-formaldehyde resin	Not Assigned	>= 10 - <= 20 %

Version 3.0		Revision Date 04/15/2021	Print Date 08/23/2023
SECTION 4. FIRST AID MEASUR	RES		
General advice	:	Handle in accordance with good ir practice.	ndustrial hygiene and safety
If inhaled	:	Remove person to fresh air. If sigr medical attention.	ns/symptoms continue, get
In case of skin contact	:	In case of contact, flush skin with minutes while removing contamina If skin irritation persists, call a phy Wash contaminated clothing befor	ated clothing and shoes. sician.
In case of eye contact	:	Rinse immediately with plenty of w for at least 15 minutes. If easy to do, remove contact lens Protect unharmed eye. If eye irritation persists, consult a s	, if worn.
If swallowed	:	Rinse mouth with water to remove plenty of water to help reduce irrita If symptoms persist, call a physicia	ation.
Most important symptoms and effects, both acute and delayed	:	Temporary mechanical abrasion ( respiratory tract may occur upon e during handling of this product and is direct contact. Abrasion effects should subside a	exposure to fibers or dust d cannot occur unless there
Protection of first-aiders	:	If potential for exposure exists refe personal protective equipment.	er to Section 8 for specific
Notes to physician	:	Treat symptomatically.	

#### **SECTION 5. FIREFIGHTING MEASURES**

Suitable extinguishing media	:	Carbon dioxide (CO2) Foam Dry powder Water
Unsuitable extinguishing media	:	none
Specific hazards during firefighting	:	Under the influence of high temperatures, e.g. during a fire in the warehouse, decomposition products like carbon oxide may be released due to the low content of organic compounds.
Hazardous combustion products	:	carbon oxides nitrogen oxides Hydrocarbons
Specific extinguishing methods	:	Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Version 3.0	Revision Date 04/15/2021	Print Date 08/23/2023

Special protective equipment : Wear self-contained breathing apparatus for firefighting if necessary.

#### SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures	:	Avoid dust formation.
Environmental precautions	:	Should not be released into the environment.
Methods and materials for containment and cleaning up	:	Clean up promptly by scoop or vacuum. Pick up and arrange disposal without creating dust.

#### SECTION 7. HANDLING AND STORAGE

Advice on protection against fire and explosion	:	No special protective measures against fire required.
Advice on safe handling	:	Smoking, eating and drinking should be prohibited in the application area. Minimize dust generation and accumulation. Do not breathe vapours/dust. Do not get in eyes or mouth or on skin. For personal protection see section 8.
Conditions for safe storage	:	Keep in a dry, cool place.
Materials to avoid	:	No materials to be especially mentioned.
Further information on storage stability	:	Stable at normal ambient temperature and pressure.

#### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Components with workplace control parameters

Components	CAS-No.	Value type (Form of exposure)	Control parameters / Permissible concentration	Basis
Synthetic vitreous fibers, glass wool fibers	Not Assigned	TWA (fibers)	1 fibers/cm3	ACGIH
Particulates (insoluble or poorly soluble) Not Otherwise Specified (PNOS)	Not Assigned	TWA (respirable particles)	3 mg/m³	ACGIH
		TWA (inhalable particles)	10 mg/m³	ACGIH
Particulates Not Otherwise Regulated (PNOR)	Not Assigned	TWA (respirable)	5 mg/m³	NIOSH REL

Version 3.0	Revision Date	Revision Date 04/15/2021		Print Date 08/23/2023	
		TWA (total)	10 mg/m <sup>3</sup>	NIOSH REL	
		TWA (total dust)	15 mg/m <sup>3</sup>	OSHA	
		TWA (respirable fraction)	5 mg/m <sup>3</sup>	OSHA	
Fibrous glass dust	Not Assigned	TWA	3 fibers/cm3	NIOSH REL	
		TWA (total)	5 mg/m <sup>3</sup>	NIOSH REL	

As a member of the North American Insulation Manufacturers Association (NAIMA), JM subscribes to the NAIMA Product Stewardship Program (NPSP). Under the NPSP, JM recommends that exposures be limited to the voluntary concentration of 1 f/cc TWA. The NPSP also includes work practice and respiratory protection recommendations. For more information, see NAIMA's Health and Safety Reference Library (website: http://insulationinstitute.org/tools-resources/resource-library/health-safety/) to find the Product Stewardship Program Pocket Folder (N052) and other Fact Sheets.

Engineering measures :	During initial heat-up to operating temperatures above 177 °C (350 °F), thermal decomposition of the organic binder/sizing may occur. Use local exhaust ventilation, or other engineering controls to maintain airborne levels below exposure limit requirements or guidelines. If there are no applicable exposure limit requirements or guidelines, wear respiratory protection when adverse effects, such as respiratory irritation or discomfort have been experienced, or where indicated by your risk assessment process.
------------------------	---

Personal protective equipmer	ıt
Respiratory protection	<ul> <li>No personal respiratory protective equipment normally required.</li> <li>During initial heat-up to operating temperatures above 177 °C (350 °F), thermal decomposition of the organic binder/sizing may occur. Use local exhaust ventilation, or other engineering controls to maintain airborne levels below exposure limit requirements or guidelines. If there are no applicable exposure limit requirements or guidelines, wear respiratory protection when adverse effects, such as respiratory irritation or discomfort have been experienced, or where indicated by your risk assessment process.</li> </ul>
Hand protection Material	Protective gloves
Remarks	For prolonged or repeated contact use protective gloves.
Eye protection	Safety glasses with side-shields
Skin and body protection	Wear protective clothing, such as long-sleeved shirts and pants. Remove and wash contaminated clothing before re-use.
Hygiene measures	Handle in accordance with good industrial hygiene and safety practice.

Version 3.0	Revision Date 04/15/2021	Print Date 08/23/2023
SECTION 9. PHYSICAL AND CH	EMICAL PROPERTIES	
Appearance	: fiberglass pipe insulation	
Colour	: various, yellow, white	
Odour	: slight	
Odour Threshold	: No data available	
рH	: Not applicable	
	: Not applicable	
	: Not applicable	
Flash point	: Not applicable	
Evaporation rate	: Not applicable	
Flammability (solid, gas)	: Not applicable	
Upper explosion limit	: Not applicable	
Lower explosion limit	: Not applicable	
Vapour pressure	: Not applicable	
Relative vapour density	: Not applicable	
Relative density	: No data available	
Solubility(ies) Water solubility	: insoluble	
Solubility in other solvents	: No data available	
Partition coefficient: n- octanol/water	: Not applicable	
Auto-ignition temperature	: No data available	
Thermal decomposition	: Not applicable	
Viscosity Viscosity, dynamic	: Not applicable	
Viscosity, kinematic	: Not applicable	

#### SECTION 10. STABILITY AND REACTIVITY

Reactivity	:	No dangerous reaction known under conditions of normal use.
Chemical stability	:	Stable under normal conditions.

Version 3.0		Revision Date 04/15/2021	Print Date 08/23/2023
Possibility of hazardous reactions	:	None known.	
Conditions to avoid	:	Exposure to moisture	
Incompatible materials	:	hydrofluoric acid	
Hazardous decomposition products	:	Thermal decomposition can lead to rel and vapors.	ease of irritating gases

#### SECTION 11. TOXICOLOGICAL INFORMATION

IARC	No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
OSHA	No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA (29 CFR 1910 Subpart Z, Toxic and Hazardous Substances).
NTP	No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

#### **Further information**

#### Product:

Remarks: During initial heat-up to operating temperatures above 177 °C (350 °F), thermal decomposition of the organic binder/sizing may occur. Use local exhaust ventilation, or other engineering controls to maintain airborne levels below exposure limit requirements or guidelines. If there are no applicable exposure limit requirements or guidelines, wear respiratory protection when adverse effects, such as respiratory irritation or discomfort have been experienced, or where indicated by your risk assessment process.

Remarks: Temporary mechanical abrasion (itching) of skin, eyes and respiratory tract may occur upon exposure to fibers or dust during handling of this product and cannot occur unless there is direct contact. Abrasion effects should subside after cessation of exposure. Trace amounts of formaldehyde may be released when in contact with moisture, including humidity. This release is most prevalent in conditions of high heat and humidity.

#### **SECTION 12. ECOLOGICAL INFORMATION**

Ecotoxicity No data available Persistence and degradability No data available Bioaccumulative potential No data available

Version 3.0		Revision Date 04/15/2021	Print Date 08/23/2023
Mobility in soil No data available Other adverse effects			
<u>Product:</u> Ozone-Depletion Potential	:	Regulation: 40 CFR Protection of Protection of Stratospheric Ozone Substances Remarks: This product neither co manufactured with a Class I or CI U.S. Clean Air Act Section 602 (4 B).	e - CAA Section 602 Class I ntains, nor was ass II ODS as defined by the
Additional ecological information	:	Due to the properties of the produenvironment may not be expected	

#### SECTION 13. DISPOSAL CONSIDERATIONS

#### **Disposal methods**

Waste from residues :	•	ntents/container to an approved facility in the local, regional, national and international
-----------------------	---	---

#### SECTION 14. TRANSPORT INFORMATION

#### International transport regulations

Land transport USDOT: Not classified as a dangerous good under transport regulations TDG: Not classified as a dangerous good under transport regulations

Sea transport IMDG: Not classified as a dangerous good under transport regulations

Air transport

IATA/ICAO: Not classified as a dangerous good under transport regulations

#### SECTION 15. REGULATORY INFORMATION

TSCA listTSCA - 5(a) Significant New Use Rule List of<br/>Chemicals: Not relevantU.S. Toxic Substances Control Act (TSCA) Section<br/>12(b) Export Notification (40 CFR 707, Subpart D): Not relevant

#### EPCRA - Emergency Planning and Community Right-to-Know Act

#### CERCLA Reportable Quantity

This material does not contain any components with a CERCLA RQ.

#### SARA 304 Extremely Hazardous Substances Reportable Quantity

This material does not contain any components with a section 304 EHS RQ.

SARA 311/312 Hazards	:	No SARA Hazards
SARA 302	:	This material does not contain any components with a section 302 EHS TPQ.
SARA 313	:	This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

#### **Clean Air Act**

This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 112 (40 CFR 61).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 112(r) for Accidental Release Prevention (40 CFR 68.130, Subpart F).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 111 SOCMI Intermediate or Final VOC's (40 CFR 60.489).

#### California Prop. 65

**WARNING:** This product can expose you to chemicals including formaldehyde, which is/are known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov.

#### The components of this product are reported in the following inventories:

TSCA	: On the inventory, or in compliance with the inventory
DSL	: On the inventory, or in compliance with the inventory

#### **SECTION 16. OTHER INFORMATION**

Further information	
Revision Date	: 04/15/2021

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
