NASHUA 398 DUCT TAPE

Features

- Conforms well to irregular surfaces
- Excellent adhesion to a wide variety of surfaces
- Tears straight, hangs straight, does not curl
- Easy unwind
- Preferred by professional contractors who demand high performance

Typical Values

Adhesive	Grey Calendered Rubber/Resin
Adhesion to Steel (oz./in.)	49
Adhesion to backing (oz./in.)	41
Quickstick (oz./in.)	21
Elongation (%)	6.8
Gauge (mils)	11
Tensile (lbs./in.)	26
Unwind (lbs./in/)	3.9
Maximum Performance Temp. (° F)	200
Flame Spread	5
Smoke Developed	10

Applications

- Nashua 398 is manufactured for use in the HVAC industry on duct and equipment applications
- Used as a high quality maintenance tape in a variety of manufacturing environments
- Ideal for a broad range of applications in the construction industry
- Used in asbestos removal and polyethylene hanging

Values when tested in accordance with UL 723 and ASTM E84-91A
Meets HUD and BOCA Codes
